

ALIYAH SAGABAN

Pasig City, Metro Manila | 09060983961 | aliyah.sagaban22@gmail.com

EDUCATION

TECHNOLOGICAL INSTITUTE OF THE PHILIPPINES

Bachelor of Science in Computer Science

Major in Data Science

Quezon City, Cubao

August 2024

Academic Achievements:

- Cumulative GPA: 1.22 - Magna Cum Laude
 - L.A.N.I Full Scholarship and T.I.P. Full Academic Scholar
- Relevant Coursework: Software Engineering; Algorithms; NLP; Machine Learning; Object-oriented Programming

TAGUIG NATIONAL HIGH SCHOOL

Strand: Accountancy, Business and Management

Taguig City, New Lower Bicutan

Jul 2018 - Jul 2020

- Rank 2 Overall, Researcher of the Year Award, Layout Artist of the Year Award

WORK EXPERIENCE

DOCQUITY

Data Solutions Engineer

Taguig City, BGC

April 2026 – Present

- Developed a full-stack web application using Next.js and FastAPI, owning the end-to-end development process including architecture planning, frontend and backend implementation, database design, and deployment.
- Designed data models, built database tables, and developed data pipelines to support reporting and business requirements.
- Performed data analysis using Python and SQL, identifying engagement trends and business gaps that informed client strategies.

MERCK GROUP

Associate Web Developer

Taguig City, BGC

June 2025 – April 2026

- Design and deliver custom website solutions, automating business processes and building data-driven applications
- Collaborate with stakeholders to analyze requirements and create technical designs aligned with governance and security standards
- Provide testing, documentation, and ongoing support to ensure high-quality, compliant solutions

AIQUE INNOVATION TECHNOLOGY CORP.

Junior Full Stack Developer

Taguig City, BGC

July 2024 – June 2025

- Built and maintained the booking platform using efficient, reusable code, while implementing version 2 enhancements including filtering, sorting, authentication, and bundled booking features.
- Identified and resolved critical front-end bugs through systematic debugging and testing, consistently meeting sprint deadlines
- Collaborated effectively within an Agile team environment with minimal supervision
- Used modern website development technologies including React.js, Next.js, Tailwind CSS, SCSS, NextUI, and RESTful APIs, NEST JS, Express, Framer Motion, while upholding best practices in performance and code reusability.

AIQUE INNOVATION TECHNOLOGY CORP.

Web Developer Intern

Taguig City, BGC

Feb 2024 – Apr 2024

- Optimized and redesigned 15+ web pages in a dynamic environment, demonstrating proficiency in HTML, CSS, React JS, TypeScript, Tailwind, SASS, and responsive design principles.
- Contributed to content management system development using Next.js framework and Postman for API testing and integration.

UNIVERSITY PROJECTS

EfficientNetV2 Transfer Learning and U-Net Architecture for Image Forgery Detection and Localization 2023 - 2024

- Engineered an image forgery detection system combining EfficientNetV2 and U-Net models, implemented with Python Flask RESTful API.
- Built full-stack solution using TensorFlow for model development, Flutter for frontend, and Firebase for backend services.

Cinema Ticketing System

2022

- Led front-end design and development using Java Swing for the user interface while contributing to back-end functionality using Java and SQL database integration.
- Designed and optimized database schema for ticket inventory management, implementing secure transaction processing and user authentication systems.

ACTIVITIES

Association for Computing Machinery (ACM) Student Chapter

Vice-President for Communications

T.I.P. Quezon City

2021 - 2022

- Coordinated with the Dean's office for approval of initiatives and official documentation.
- Managed official communications channels to disseminate important announcements, event details, and deadlines to the student body and faculty stakeholders.

Association for Computing Machinery (ACM) Student Chapter

Junior Communications and Creatives Officer

T.I.P. Quezon City

2020 - 2021

- Managed organizational communications through professional emails and created promotional materials using Adobe Photoshop for social media platforms.

ADDITIONAL

Technical Skills

- **Web Development:** JavaScript, HTML/CSS, TypeScript, React.js, Next.js, Node.js, Express.js, REST APIs, Tailwind CSS, SASS/SCSS, Zustand, TanStack Query, Bootstrap, Responsive Design, Wordpress, JQuery, Sharepoint, Sharepoint Online
- **Database Management:** SQL, MongoDB, SQLite, MySQL, Nest JS, PostgreSQL
- **AI Tools & LLMs:** Claude Code, OpenAI, Gemini, GLM

Data Science / Machine Learning / AI

- **Languages & Libraries:** Python, NumPy, Pandas, Scikit-learn, TensorFlow, Keras, PyTorch
- **Data Visualization:** Matplotlib, Seaborn
- **Deep Learning:** Convolutional Neural Networks, Transfer Learning
- **Natural Language Processing (NLP):** Tokenization, Word Embeddings (Word2Vec), Named Entity Recognition (NER), Sentiment Analysis, Text Classification

Development Tools:

- GitHub, GitLab, Postman, Docker, Visual Studio Code, Figma, JIRA, Confluence, MS Teams, Microsoft Power Platforms, ServiceNow

Design Tools:

- Canva, Adobe Photoshop, Microsoft Office Suite

Achievements and Recognitions:

Highest Score, Company Internal Web Development Challenge (2025)

Gold Medalist, TESDA Regional Skills Competition - Web Technology (September 2022)

Gold Medalist, TESDA District Skills Competition - Web Technology (June 2022)

Best in Computer Science Award - Pasig City Science High School (2014)
